

3 Rings For The Elvin Kings 5.9 Erebor (Middle Earth)

Ron Yahne, Jason McNabb, Chris Hirsch on 8/23/11

3 Rings is a popular classic in Middle Earth that has been in need of a proper anchor. The previous anchor consisted of tied off webbing that would occasionally blow off the summit. We installed an anchor at a comfortable belay stance that still allows climbers to step to the summit and then reach back to the anchor to set up the rappel. We also added a washer to the first bolt as it did not have one previously.

Anchor:

Previous Hardware:

Webbing

BHCC Hardware Installed:

Fixe Triplex Bolt (x2)

Petzl Coeur Hanger (x1)

Fixe Top Hanger (x1)

8mm stainless quick links (x3)
