

Cereal Killer 5.10

Cornflake in South Seas at Mt. Rushmore

7/3/12 by Adam Bergdale and Jason McNabb

Cereal Killer is a high quality line in need of a hardware upgrade. We replaced the anchors and bolts on the route with BHCC stainless hardware. The top anchors were rusted 3/8 coldshuts and the bolts were a mix of rusty non stainless Rawl bolts, SMC hangers, and aluminum Kong hangers.

Previous Hardware:

Anchors:

3/8 non stainless Rawl 5 piece bolt (x2)

3/8 non stainless welded cold shut (x2)

Bolts:

3/8 non stainless Rawl 5 piece bolt (x7)

Aluminum Kong hanger (x2.....bolts 4 and 7)

Non stainless SMC hanger (x5)

BHCC Hardware Installed:

Anchors:

Fixe Triplex Bolt (x2)

Petzl Coeur Hanger

Fixe Top Hanger

8mm stainless quicklink (x3)

8mm stainless chain (x5....4 on anchor 1 for cutting)

Bolts:

Fixe Triplex Bolt (x7)

Petzl Coeur hanger (x7)
